MEMORANDUM FOR: Acting Chief, Development Project Division

SUBJECT : Supplement to Program Approval for J-75 Engines

REFERENCE : Memorandum for DD/P, dated 12 June 1959, from  
AC/DPD, same subject (CHAL-0673/A)

I am reluctant to sign the attached until we have a more firm estimate of the cost. If the cost is [ ] I would probably be inclined to approve but if the cost is higher I would have to reconsider. In any event, we should not go ahead with this until we know the cost.

RICHARD M. BISSELL, JR.  
Deputy Director  
(Plans)
